LinkedIn Profile | **GitHub Profile**

Continuous-learner Software Engineer passionate about AI, developing web and mobile solutions across enterprise platforms. Skilled in software development, agentic AI, machine learning, intelligent systems, and automation-driven solutions.

Work Experience

Data Engineer

Servier – Cairo, Egypt | Dec 2025 – Present

- Contributed to the global enterprise database by improving integration and synchronization between global and local system
- Enhanced database connectivity to ensure data consistency, reliability
- Designed and maintained data pipelines and data warehouse structures to support analytics and reporting
- Developed and optimized ETL processes to efficiently extract, transform, and load data from multiple sources
- Optimized complex SQL queries to improve performance and reduce execution time on large-scale datasets.
- Migrated the local web application from .NET Framework 4 to .NET 9, improving system performance

Full Stack Web Developer

IMS Agency – Cairo, Egypt | Jun 2025 – Dec 2025

- Developed and deployed B2B applications using to meet business requirements.
- Built e-commerce platforms , Implemented authentication and database integration.
- Analyzed client requirements, prioritized features, and created and executed structured test documentation.

Angular Developer

Digital Lab – Cairo, Egypt | Jul 2024 – Sep 2024

- Optimized workflows for the Egyptian Ministry of Petroleum, increasing efficiency for over 1,000 users.

Software Engineering Intern

Qatar National Bank (QNB) – Cairo, Egypt | Jul 2024 – Aug 2024

- Supported development and testing of banking applications.

Education

B.Sc. Computer Science – Misr International University, Cairo, Egypt | Oct 2021 – Jun 2025

Patriarchal College (Frere School), Cairo, Egypt | Sep 2005 – Jun 2021

Key Projects

MindSpeak – AI App for Autism Support

Flutter, Firebase, AI/ML

- Developed a mobile app with speech, emotion recognition, and gaze tracking to support ASD therapy.

- Delivered an adaptive assistant with real-time progress reports for parents and therapists.

E-Commerce Web Application

Spring Boot, SQL, JavaScript, Html, Css | GitHub

- Developed a dynamic e-commerce app with secure authentication, authorization, and ordering processes.
- Implemented modular architecture for scalability, integrated Spring Security, and new business features.

Tourism & Recommendation System

C#, .NET | GitHub

- Developed a travel assistant with booking workflows & recommendation systems.
- Ensured scalability and reliability using the .NET framework.

Technical Skills

Programming Languages: Java, C++, C#, Python, JavaScript, TypeScript, PHP, Dart, Kotlin

Web & Frameworks: Angular, React, Spring Boot, Node js, Fast Api, .NET Core, Django, Flask, Flutter, Express.js

Databases: MySQL, PostgreSQL, MongoDB, Firebase, SQLite

AI/ML: TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy, Matplotlib, OpenCV, Hugging Face, Computer vision

Architecture & Patterns: Microservices, MVC, Clean Architecture, Separation of Concerns, Design Patterns

Methodologies: Agile (Scrum), SDLC, OOP, SOLID Principles

Certifications

- Red Hat System Administration – DevOps
- Red Hat OpenShift Development – Containers with Podman and Docker
- Great Learning Academy – SDLC & Waterfall Model
- Amigoscode – Spring Boot
- Great Learning Academy – Mastering TypeScript
- Udemy – MERN Stack Full Course
- Udemy – Master Microservices with Spring Boot and Spring Cloud
- Microsoft Sprints – AI and Machine Learning Foundations
- Goethe-Institut – B2 German Language Certificate

Languages

Arabic: Native | English: Fluent | German: B2 (Goethe)

Soft Skills

Time Management | Communication | Problem-Solving | Teamwork | Adaptability | Continuous Learning
